Greg and Calvin -
Can I confirm Greg for a 8/19 departure?

Greg - to confirm - you have PDO from tomorrow through Thursday this week? Just making sure we know what we need to get covered in your absence.

Josie-

We definitely would like to have Greg move up his deployment as the IC for the

Colorado ICP. Could he travel on 8/19, and transition on the 20th?

This would be for a two week deployment. We are still evaluating the other positions.

Thanks,

Janice

Hi Janice –

This is a follow up to the voicemail I just left. In response to your request for additional OSCs, I have the following to offer:

Greg Weigel as IC. He is currently scheduled to be IC on August 28, but could move up his deployment and start on 8/18.

Mike Boykin as Assessment and Mitigation Branch or Sampling Operations Branch. Mike has extensive experience with sampling and data management. He is available to deploy on Tuesday, 8/18. He needs to return to R10 on 8/28.

Please give me a call with any questions. If you do want Greg to come sooner, please let me know asap as he has response duty this week and we will need to backfill him.
